Salon City Magazine Reports the News.

There are up to 250,000 Salons in America. These are the ones that "Made it to the Top."

Congratulations to **Warren Tricomi Salon** for being # 1 on the **HOT 100** three times in a row.

The **HOT 100** represents the most popular and positively committed beautymakers in America.

Salon City rates its **HOT 100** by media artistry, popularity with their clients, community, peers, industry and their Salon City involvement with our media network, distributors and retail club.

Not everyone we like makes our **HOT 100** list, but these did. They are talked about and know how to get themselves noticed by our editors.
